

# Year-end distribution estimates.

October 2024

## 2024 capital gains distribution estimates

The estimated long-term and short-term capital gain distributions for 2024 are listed below. The actual distribution amounts will be based on gains and losses realized through October 31, 2024 (or later, for certain funds). As such, the estimates below may differ from amounts actually distributed in December 2024. Important: Please review the disclosure following the tables for important information regarding anticipated revisions to these reported estimates with respect to a number of SIMT, SIT, and STET Funds.

The funds' long-term approach to investing means that the capital gains realized in a particular year can be the result of an investment held over an extended period of time. The amount of capital gain distributions may vary year over year since the distributions are based on net capital gains realized each year.

### Estimated 2024 year-end capital gains distributions (based on activity through September 30, 2024)<sup>1</sup>

Fund name	Record date	Ex-date	Payment date	Per share range (\$) <sup>1</sup>		Per share range (%) <sup>1</sup>

<sup>1</sup> Estimated per share ranges are based on share prices and shares outstanding as of September 30, 2024, and may differ in December on each funds' ex-date due to variability in the funds' share prices and shares outstanding between now and the ex-date.

<sup>2</sup> Short-term capital gains are treated as ordinary income for tax purposes.

## Important information

Information as of 10/24/24

Mutual fund capital gain distributions are required to meet excise tax distribution requirements. The Funds' excise tax year-end is October 31, 2024 and SEI will generally make certain tax adjustments on the Funds' excise tax returns that may have an impact on these estimates.

Further, the above estimates are based only on the Funds' investment activities through September 30, 2024. The amounts shown do not include or seek to estimate capital gains generated by investment activity that has occurred or is expected to occur subsequent to September 30, 2024, including, with respect to a number of SIMT, SIT and STET Funds, investment activity that will take place in connection with significant client model portfolio reallocations that are scheduled to take place during October. This additional investment activity is expected to result in material revisions to the capital gain distribution estimates provided in this report for some Funds. We anticipate providing revised estimates inclusive of this additional investment activity on or about November 20, 2024. These estimates are unaudited and provided for informational purposes only. They do not constitute tax advice and should not be relied upon for tax planning or for making investment decisions. SEI is not responsible for actions undertaken by shareholders based on these estimates.

**\*\*There are risks involved with investing, including loss of principal. To determine if the Funds are an appropriate investment for you, carefully consider the investment objectives, risk factors and charges and expenses before investing. This and other information can be found in the Funds' full and if available summary prospectuses, which may be obtained by calling 1-800-DIAL-SEI. Read it carefully before investing.\*\***

SEI Investments Management Corporation (SIMC) is the adviser to the Funds, which are distributed by SEI Investments Distribution Co (SIDCO). SIMC and SIDCO, are wholly owned subsidiaries of SEI Investments Company.
